Re: Pagel's Pit Superfund Site, Winnebago County, Illinois  
Institutional Controls Investigation/Study

Dear Ms. Hicks:

This letter is provided on behalf of our client, William Charles Waste Companies, and in response to your June 12, 2007 letter requesting the submittal of an Institutional Controls (IC) Investigation/Study. Andrews Engineering is preparing the response and is requesting a 15-day extension to the 45-day due date listed in your letter.

I spoke to Mr. Bernard Schorle on Thursday, July 26, 2007 and he indicated the additional time was acceptable to him. I also received your voice mail this morning indicating your approval of the time extension. Our response to your letter will be submitted no later than Monday, August 13, 2007. I appreciate your cooperation in this matter. I can be reached at (217) 787-2334.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ken W. Liss".
